

Are You Going to the Best Pharmacy for You?

By Tracy Tosh, Pharmacy Technician

Take this short quiz from Tracy and find out:

- Do you spend more than 15 minutes waiting for your retail prescriptions?
- Do you make lots of trips for your medications?
- Would you benefit from free home delivery?
- Could custom medication mixing or special packaging help you better take your medications?
- Do you have a chronic condition or take multiple medications?
- Is it difficult for you to consult with your pharmacist about medications?
- Would you like your pharmacy to know your name?

If you answered yes to one, or more, of the questions above, it's time to find out what Kare Pharmacy and Medical Center Pharmacy can do for you.

Independent pharmacies, like Kare, consistently offer patients **better value** in terms of **lower prices**, **shorter wait times**, and **more personalized care**.
