

Ask Your Compounding Pharmacist

Prakash Suthar, RPh

Who doesn't love the summertime? School's out. The pool's open. It's vacation time! But just as soon as allergy season ends, the hot sun and humid weather bring a whole host of new healthcare concerns. Some of our more commonly requested prescription compounds for summer may work for:

- **Fungal skin infections**
- **Nail infections**
- **Corns, Callouses, and Warts**
- **Excessive Perspiration**
- **Aches and Pains**
- **Muscle Spasms and Leg Cramps**
- **Fever Blisters**
- **Scar Therapy**
- **Hemorrhoids**
- **Weight Loss**

Contact our pharmacist at 434-792-8281 or ask your doctor whether a compounded prescription option could help with your health, whether summertime or year round!

Learn more about compounding on our website, Facebook or twitter!

**Customized Medications
For Your Individual Needs**

- Alcohol-free, dye-free & preservative-free medications
- Discontinued & back-ordered medications
- Required strength or dosage form not available
- Patients not responding to conventional drug therapy
- Medication taste
